ALTERNATE ACTIVITY

CPBI Atlantic's Cape To Cabot Adventure

Wednesday, October 2nd, 2024 11:30am- 4:30pm

Newfoundland is made to be explored, and crisscrossing St. John's is an adventure that will take in the sights, sounds, and tastes of St. John's. Our Cape to Cabot Adventure will be a scenic sightseeing adventure, with trivia and challenges mixed in for those with a competitive nature. An experienced local guide will shuttle teams from place to place, providing historical and interesting commentary along the way. This adventure features four of St. John's most iconic destinations:

Cape Spear: The mighty cliffs and crashing waves mark the most Eastern point in North America.

The Rooms: The Rooms is Newfoundland's largest cultural institution that is keeping watch over St. John's.

Signal Hill - Cabot Tower: The most iconic view of St. John's is Signal Hill. From defending the harbor against invaders, to celebrating Queen Victoria's Diamond Jubilee, this is a uniquely picturesque place.

Quidi Vidi - Quaint fishing village to explore before gathering with all teams to enjoy some snacks and a pint. Enjoy a beverage, share stories of your adventure and nibble on some snacks before we return to the hotel.

ENVIRONMENTAL STEWARDSHIP

Nature Newfoundland and Labrador

Nature Newfoundland and Labrador is a non-profit organization and registered charity promoting the enjoyment and conservation of wildlife and natural resources in the Canadian province of Newfoundland and Labrador. We are this province's oldest conservation organization (first established in 1910!) and were formerly called The Natural History Society of Newfoundland and Labrador. We continue to be one of the province's most active environmental organizations and regularly partner with other groups to raise awareness about nature and host fun and educational events that help everyone get outside.
